

Dance, Pretty Tree

Come and dance for me pretty tree, come and dance

Come and show me the secrets of nature's romance

Come and dance

I see the shivers down your spine

Once more please be mine

Come and dance

-

Come and laugh with me pretty tree, come and laugh

Come dazzle my eyes with your lithesome golden calf

Come and laugh

I see the shades of life begin to fade

And that you are not afraid

Come and laugh

-

Come and sing for me pretty tree, come and sing

Come and let me hear the sounds from autumns winds

Come and sing

I see the leaves move as you sing a song

With you, this is where I belong

Come and sing
